The two-day **JOBVERSE Állásbörze** journey has come to the end. 🟡

When we realized yesterday that we had achieved our set goals, I was a bit puzzled about what the second day would entail, how we would motivate ourselves not to get too comfortable but rather push ourselves further. Once again, our team has shown what immense potential, willpower, and dedication it possesses. 💪

👁️ I never would have thought that in just two days, we could offer advice to so many people, engage in discussions about their ideas, and help them find their expectation. I have already written about the secret of success yesterday, but I want to highlight one more word: collaboration. 🤝 Collaboration between teams, with the business, through communication department, and so on. 100 We put together this 1750-piece puzzle collectively in two days, and I proudly display it on the wall!

One team, one goal, and shared success!

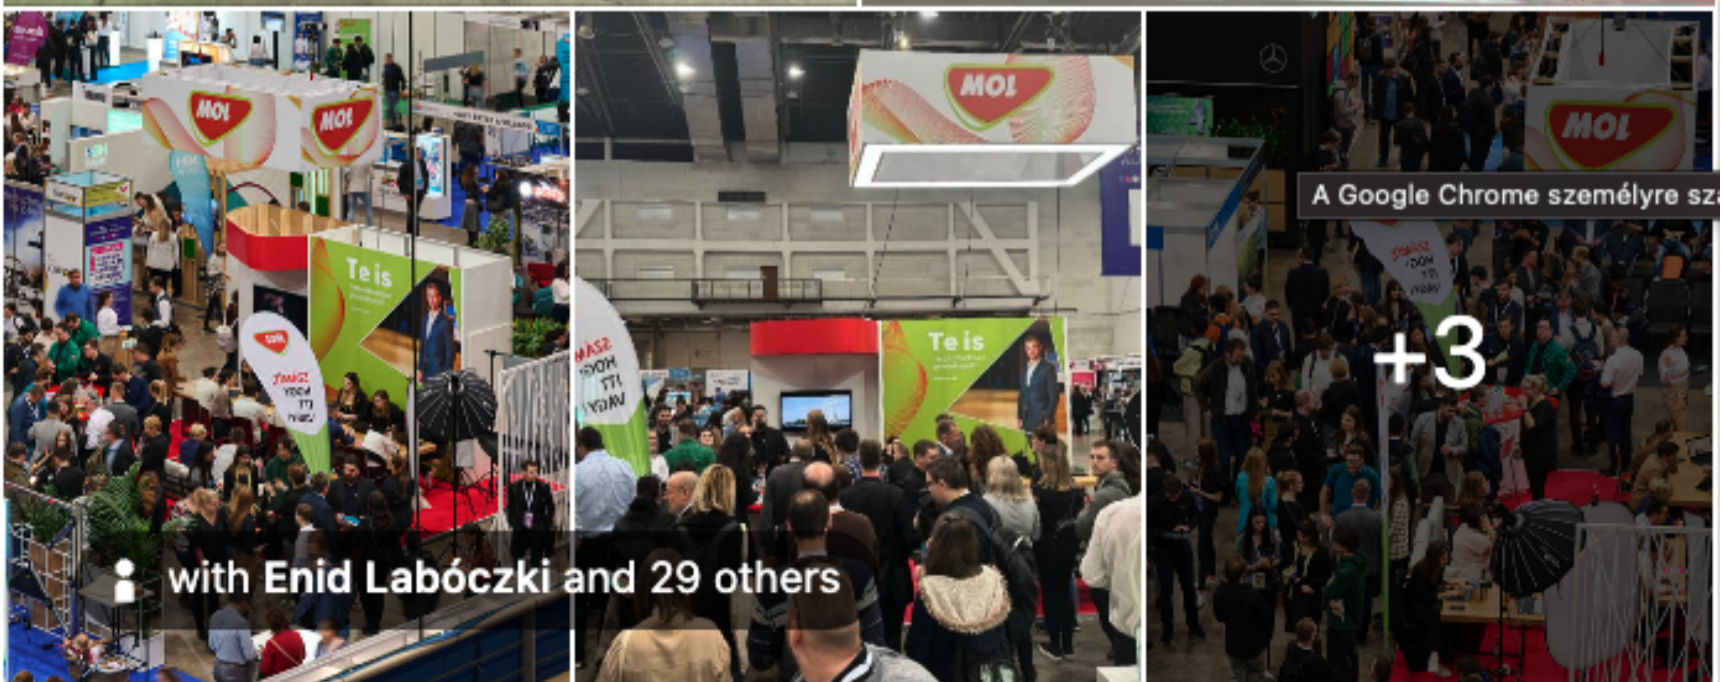

Special thanks to **Gréta Dobai** for her collaboration, we will continue in fall.

In conclusion, here is the summary:

- ✅ 1750 registered visitors at **MOL Magyarország & MOL Limo** booths
- ✅ 139 conducted live interviews
- ✅ More than 150 CV photos

PS: In the pictures, the amazing team! 🙏

#wecreatesolutions #mol #jobverse #oneteam

👍❤️🌱 Kecskésné Dóczy Eszter and 92 others
